

Headliners Schedule

March 29 & 30

Charlotte Performing Arts Center
378 State Street
Charlotte, Mi 48813

The Schedule for Headliners was provided recital week. Now that we have the first competition and the recitals under our belt, I am looking forward to a larger competition. This event is two days in length and our numbers are more spread out. Please note the following:

1. Headliners runs on an adjudicated system. Each dance is given a score and their placement is determined from the set scale. I had questions about the scoring at the last competition however each event does it differently. If you would like to read how Headliners does their scoring, please read their website.
www.headlinerscompetition.com
2. Competitions often run up to an hour ahead/behind. Please be dressed and ready at the call time listed below.
3. Moving Co. staff will be responsible for your child while they are with us, but it is a good idea for parents to communicate with their dancer about a common meeting place. Communication is key so that the kids know where and when to meet back up with their parents.
4. At Moving Company, we are good team players! We clap and cheer for all dances regardless of what studio they are representing. We do not talk poorly about other groups back stage, in the dressing rooms, nor in the auditorium. You never know who might overhear criticisms about costumes, dances, etc.
5. All students are required to attend their awards ceremony. If they are done dancing long before their awards ceremony you are welcome to leave as long as you are back in plenty of time for awards. They must be wearing either Moving Co wear (tees, sweats, warm-ups, etc) or their costume for awards.

Please feel free to let me know if you have any questions!
